It is an honor to serve on your behalf as your County Supervisor. Together we must never slow in our endeavors to improve District 1 and Butte County. With your continued help and support I will work for improved infrastructure, safer and cleaner communities and economic development.

Butte County is within budget and poised for economic development--development that will bring jobs. Our community will soon see a share of revenues produced by Lake Oroville. Our Veteran's Memorial is closer to completion...

We have made great achievements, but must continue to work for a community where we are proud to raise our children. I will continue to fight for job creation and government that listens to the people. You and your family will always be my most important constituency.

I have greatly enjoyed serving you while working to improve this area I love and call home. I am a member of the American Legion, the Masons, Shriners, Eagles, Cattlemen's Association, Farm Bureau, Historical Society, and Native Sons. I have received many endorsements.

The most important endorsement is your vote. I humbly request that you allow me to again serve you as the District 1 Supervisor.

Four years ago I asked for your support for 4th district supervisor so that we could work together toward the goal of moving Butte County in a positive direction that builds a solid future for our children and grandchildren that we all can be proud of. I promised to listen to the people of the district, and to lead and follow through with conviction on the issues most important to our communities.

I'm proud to say that we have accomplished a lot by working together. We have balanced the budget without raising taxes and protected our vital public safety, keeping our fire houses open and our jail staffed. We've gotten our libraries back to full time. Together, we have worked hard to make this a business friendly place and to protect and increase jobs.

Putting on several town hall meetings, we improved the cooperation in our communities to solve important issues. We completed the general plan that protects our agricultural, creates economic opportunities and protects our water.

I'd be honored to continue to serve as your 4th district county supervisor. Please call on me anytime, 538-2516. I respectfully ask for your vote of confidence on June 5th.

CANDIDATE STATEMENT OF QUALIFICATIONS**CANDACE J. GRUBBS**

I am running for the office of Supervisor because I can make a difference. As a single parent with two daughters, I know how difficult it is to raise a family in uncertain economic times.

Economic recovery must start here, and now, in Butte County. We cannot wait for help from the State or Federal government. I'll provide the leadership needed to bring economic stability and prosperity to Butte County. Butte County's unemployment rate is unacceptable; we need a solution now! I'll fight to make Butte County the most job-friendly county in all of California.

I will bring my fiscally-conservative priorities to the office of County Supervisor. Butte County's \$440 million budget has the money we need to increase Sheriff and Fire Protection.

County government exists to provide services to its citizens in a courteous and expedient manner. I will make sure that our county staff never forgets their job is to work with you. My job is to represent you and my door is always open. Your advice and concerns are always welcome. I will never vote to raise your taxes. My phone number is 570-9694. Give me a call.

Please vote for Joe DiDuca, Conservative for Supervisor.

For thirty-five years I have been serving and volunteering to help others in Butte County. As an elected official, I have served for eight years as a school board trustee for Paradise Unified School District. I have also served on the Gridley City Council and am currently the president of a teachers association. I work as a Special Education teacher and as a high school sports official. I have been involved with fundraising committees for the past two years, which have raised over \$80,000 to benefit school children and families in need.

These experiences have given me a unique insight into the processes of employee relationships and negotiation procedures. Understanding budgets and union contracts enables me to understand the complexities of where your tax money is being spent. As a school board member, I am responsive to the community and its needs; as your supervisor I will continue to do so. I believe ^{MG} ~~that~~ all government decisions should be made in public and not behind closed doors. Transparency in decisions, asking the difficult questions and making the right choices, have always been my goals in serving the community. This is your county and your government. I will do everything possible to keep it that way.

As a small business owner and through my involvement in community organizations, I understand many issues concerning District 5 voters. I am Treasurer of the Paradise Pines Association, a Board Member of the Paradise Friends of the Library and do charitable work through the Elks. My attendance at over a year's worth of County Supervisor Board meetings ensures that you have a qualified candidate who understands our County's government.

The economy and our Federal and State "business as usual" approach to government continue to reduce the funding for our County services, such as fire and crime prevention, roads, as well as library services. I believe my practical, problem-solving skills and common-sense approach will lead us through these challenging times and bring more jobs to our County.

My wife and I are committed to our community and look forward to raising our children here. Our beautiful rural environment needs to be protected for our future generations. Ballot Title/Occupation—Businessman Redding Councilman

I've spent my life working in the private sector, creating jobs and signing paychecks for working families in the 1st District. As a member of the Redding City Council, I've been increasingly frustrated with Sacramento. The legislature has failed to stop the growth of government, the overspending, the crushing regulations, overzealous environmentalism and taxes driving businesses out of the state.

Oppose Higher Taxes. My conservative approach to budgeting and taxes earned me the endorsement of the National Tax Limitation Committee, Sierra Pacific Industries, Assemblyman Jim Nielsen and former Assemblyman Stan Statham.

Support Pension Reform. I was elected to the Redding City Council in 2006 and served as Mayor. In 2010, I successfully authored the Measure A pension reform and the Measure B healthcare benefit reform to save taxpayers money and balance our budget.

Pro-Business. As a small business owner, I learned how difficult California's regulations and taxes could make it to succeed. I will reduce the regulations and taxes that make it increasingly difficult to create and maintain a business in California, I will not allow complicit legislators to raise taxes on the most over-taxed citizens in America.

I was born and raised in Shasta County, graduated from Anderson High School, and after being drafted from Shasta College by the Philadelphia Phillies, I played for the St. Louis Cardinals, Toronto Blue Jays, and Oakland A's before retiring in 1981. I'm married to my high school sweetheart, Patti, and we have four children.

I am running for the Assembly because I can make a difference. As a third-generation farmer, businessman, and a four-term Lassen County Supervisor, I have put my Ronald Reagan conservative principals into practice. Under my leadership, Lassen County has a balanced budget and is debt free. My farm business is a success. California must be run in the same manner.

The State of California, like Lassen County, must operate within its budget. It's done with conservative policies of limited government and low taxes that create genuine economic opportunities, prosperity, jobs, and investment. I will bring these common sense principals with me to the Capital.

Economic recovery must start here and now; we cannot wait for the rest of the nation. We need leadership not new taxes. I'll provide the leadership to bring economic stability. California's unemployment rate is unacceptable; we need a solution now. I'll fight to repeal the over-regulation and taxation burdens on your businesses and family.

This June vote to send a farmer to Sacramento to plant the seeds of common sense policies to protect our public's safety, our schools, and create jobs. Together we will nurture those seeds into solutions to restore prosperity to our great State for generations to come.

I am Brian Dahle a farmer with a record of success. I will work as hard for you and your family, as I do for my own. Your advice and concerns are always welcome. Give me a call (530) 251-3888 or visit www.BrianDahle.com.

The 1st Assembly District has, along with Lake Oroville, ~~has~~ ^{*RM*} the vast majority of hydroelectric generation, railroad, timber and natural resource interests of the north state. For this reason, over the past 20 years, I have been your advocate for our north state's water resources, water quality, water rights, forest resources, and our farming / ranching economies. I have served on numerous boards and commissions, resulting in millions of dollars flowing into our communities in the form of jobs in resource restoration, tourism, recreation, and business development/attraction/retention.

I own a family business. For 21 years we have struggled under oppressive and discriminatory ~~rules~~ ^{*RM*} and regulations designed to benefit the "big guy".

The Howard Jarvis Taxpayers Association (HJTA) endorsed me because I'm a solid fiscal conservative who held the line to prevent \$60 billion in new taxes. HJTA President, Jon Coupol, said it was because, "Dan has been a strong voice for protecting California Taxpayers, restoring our business climate and keeping taxes low."

Tom Del Beccaro, Chairman of the California Republican Party said, "I support Dan Logue because he's been an unwavering advocate for fixing California's broken economy. He's led the fight to change our hostile regulatory environment and promote a pro-jobs agenda." The Butte County Republican Party also endorsed me for my strong opposition to taxes, wasteful spending and bloated budgets.

Protecting California taxpayers, I co-authored a measure demanding the federal government fully reimburse the state for the costs of incarcerating illegal immigrants in our prisons. As Chairman of the Working Group on Jobs and the Economy I've been an unwavering voice for balancing our budget, reducing burdensome regulation and changing the hostile regulatory climate that is chasing jobs out of state.

My efforts to improve the economy earned me support from the California Small Business Association. To save taxpayers \$1.4 billion and improve health care access, I worked to pass a new law on tele-health medicine to do just that.

I've worked to ensure law enforcement has the tools needed to keep us safe and opposed policies that would result in the early release of violent inmates. Count on me to continue the fight to restore the California Dream.

As a fifth generation farmer and rancher, I cannot sit still watching our state slide in the wrong direction, while Sacramento politicians ignore the real problems and plot their next campaigns.

Politics is not my profession. I've lived and farmed in our district my entire life; serve as County Supervisor and a former local Farm Bureau President. I'm running for Assembly because I believe my common sense and North State conservative values are needed in Sacramento. I pledge to serve my full term. Taxpayers cannot afford more costly special elections. Assembly politicians run up huge debts, while demanding higher taxes from small business, farmers, working families and retirees. They let rural schools and law enforcement suffer, while handing out more benefits to people who refuse to work.

As your new representative, I'll fight hard for Fiscal Accountability, Balanced Budgets, Tax Relief, North State Water Rights, increased Water Storage and Flood Protection. I'll work to Repeal Outrageous Environmental Regulations; and will be Tough on illegal Immigration.

DOUG LAMALFA

FAMILY FARMER/SENATOR

CANDACE J. GRUBBS
Butte County Clerk-Recorder

Butte County is my home and my family has been farming here for over 80 years. While doing so I found myself spending more and more time fighting overreaching regulations and big government. That's what spurred me to run for public office; someone needed to fight back.

I'm running for Congress because the federal government needs a strong dose of North State values and common sense.

As the Government has grown astronomically in recent years, our freedoms have shrunk. The trillion dollar stimulus, Obamacare, Wall Street bailouts and rejection of the Keystone Oil Pipeline are all examples of a government out of touch; too big, too intrusive.

Washington borrows 43 cents of every dollar it spends, much from hostile foreign countries. The massive debt threatens the security and future of our country. We must cut spending now. Government needs to get back to common sense and follow the Constitution. It cannot and should not do everything. When big government is the problem, more government is not the solution.

The Howard Jarvis Taxpayers Association, Crime Victims United, Gun Owners of America, Butte County Sheriff Jerry Smith have endorsed me. I'd be honored to receive your vote. Please visit www.DougLaMalfa.com.
